Frappe Framework suite: ERPNext, HR, CRM & custom apps

Umaish Solutions implements, localises, hosts and customises the official open-source Frappe Framework ecosystem across Pakistan and the United Arab Emirates. Run ERPNext, Frappe HR, Frappe CRM, Helpdesk and Insights on one shared database, and extend them with our 15 upgrade-safe custom Frappe industry apps.

PER-USER LICENCE FEE	OFFICIAL SUITE APPS	CUSTOM INDUSTRY APPS	HOSTING OPTIONS
PKR 0 / AED 0 (open source)	ERPNext · HR · CRM · Helpdesk	15 trade-specific builds	Cloud · Frappe Cloud · LAN

Official Frappe Framework apps deployed & localised

FRAPPE APPLICATION	OPERATIONAL SCOPE & PAKISTAN / UAE LOCALISATION
ERPNext (Core ERP)	Multi-company general ledger, batch/rack stock, buying, selling, BOM manufacturing; UAE VAT (Form 201), CT & Pakistan FBR tax setup
Frappe HR & Payroll	Employee records, shift rosters, ZKTeco/Hikvision biometric sync, leave, claims, UAE WPS salary files & Pakistan FBR salary tax
Frappe CRM & Helpdesk	Lead and deal kanban pipelines, call/WhatsApp logs, quotations, customer ticket portals and 4h / 24h SLA response timers
Frappe Insights & Lending	Cross-module SQL/visual executive dashboards, scheduled scorecards, plus structured staff, dealer and grower loan schedules
LMS, Healthcare & Education	Course cohorts and QR certificates, OPD/IPD clinical encounters and lab/pharmacy stock, and campus fee challans

15 custom Frappe apps built for real trades

- **Agri & markets (6):** Agriculture, Poultry farms, Poultry feed mills, Cattle & dairy, Grain market patti, Fruit & veg commission.
- **Commerce & property (5):** Arctic OS Cold Storage (Flagship + Android app), Real estate, Petrol pumps, Retail POS, Construction BOQ/IPC.
- **Institutional & professional (4):** Schools, Learning management, Healthcare & clinics, and Bar associations.
- **Upgrade-safe bench architecture:** Custom DocTypes, workflows, Print Designer formats and Frappe UI portals sit in clean separate apps.

Why teams replace fragmented SaaS with Frappe

- **No per-seat penalty:** Give clerks, storekeepers, HR staff and managers role-restricted logins without increasing licence bills.
- **One database, one sign-on:** Sales deals convert to ERPNext invoices; payroll and custom registers post straight to the ledger.
- **Hardware & field ready:** Connects to weighbridges, barcode/thermal printers, biometric clocks and mobile scanners.
- **Full code & data ownership:** Deploy on our Linux cloud, your own Frappe Cloud account or an on-premise server room.

Implementation & ongoing AMC support

Standard ERPNext, Frappe HR or CRM rollouts typically go live in 2-4 weeks; multi-app or custom industry deployments take 4-8 weeks including Tally/QuickBooks/Excel migration, English and Urdu training, parallel running and optional 4-hour critical AMC support.
